

About the Camp

The Central Winds Band Camp is a summer middle school band camp, designed to bring together students from band programs in the Altamonte Springs, Casselberry, Longwood, & Winter Springs area with the goal to better the fundamentals of performing instrumental music while making new friends & connections of like-minded peers in the Seminole County area. Each ensemble will meet in sectionals (based on instrument) to receive individualized instruction focused on fundamental growth on their specific instrument, followed by meeting as a full band for music collaboration. Students will be coached in sectionals by local band directors and professional musicians on each instrument. There will be three groups of camps this year including:

1. Beginning Band - Open to all students new to band and wish to begin learning a band instrument *AND* open to any student with at least one year of MS Band experience who wishes to learn a secondary instrument (Secondary Instrument students must also enroll in Symphonic Band Class on primary instrument)

2. Symphonic Band - Open to all students with at least one year of middle school band experience performing on their primary instrument. Recommended for students who just completed beginning band as a stepping stone to adjust to advanced ensembles. Recommended to students who performed in their schools' advanced ensemble in the 2023-2024 school year to enrich their band experience

3. Jazz Band - Open to students who play a "jazz" instrument and have at least one year of MS Band experience (No prior jazz experience required). Jazz students must also enroll in Symphonic Band class.
